TELEGRAPHIC BREVITIES.

—Bar Silver 101½.
—The President continues to veto pension bills.
—Francis Laurent, the Belgian historian and publicist, is dead.
—Parnell's Amendment to the reply to the Queen's Speech was rejected by a vote of 352 to 246.
—A dispatch from Sofia says the Sobranji will meet on the return of the Bulgarian delegation to Sofia.
—Senator Stanford yesterday introduced a bill to provide mortars and heavy guns for the protection of the sea coast.

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with headache, you are fidgety, nervous, and generally out of sorts, and want to brace up. Brace up, but not with stimulants, spring medicines, or bitters, which have for their basis very cheap, bad whisky, and which stimulate you for an hour, and leave you in worst condition than before. What you want is an alternative that will purify your blood, start healthy action of liver and kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters and only 50 cents a bottle at S. J. Hodgkinson & Co's Drug Store.

Happiness and Health.

Are important problems, the former depending greatly on the latter. Everyone is familiar with the healthy properties of fruit, and no one can afford to be sick and miserable while the pleasant California concentrated liquid fruit remedy, Syrup of Figs, may be had of our enterprising druggist, Wm. Pinniger, Reno, Nev.

Notice!

Manning & Jacques have been commissioned by the Reno Gas Co. as a competent firm to do their gas-fitting, and the company would recommend parties having work of the above character to do, to employ only the best workman, thereby saving much annoyance and expense.
Wm. Thompson,
Supt. of Reno Gas Co.

Adjourned Over.

The Legislature having again adjourned from Friday to Monday, a large number of the members of both bodies went below last evening.

An Absolute Cure.

The ORIGINAL ABETINE OINTMENT is only put up in large two-ounce tin boxes, and is an absolute cure for old sores, burns, wounds, chapped hands, and skin eruptions. Will positively cure all kinds of piles. Ask for the ORIGINAL ABETINE OINTMENT. Sold by Osburn & Shoemaker at 25 cents per box—by mail 30 cents.

A High Rate.

The Commissioners of Lander county have levied a tax of \$3.80 upon each \$100 valuation of property for the year 1887.

ARE YOU MADE miserable by Indigestion, Constipation, Bloating, Appetite, Yellow Skin, Shiloh's Vitalizer is a positive cure. Sold by Osburn & Shoemaker.

A House of Refuge is a necessity in every State. New York has five, Massachusetts four, California one. These institutions differ somewhat in name but in principle they are the same. It is a place for the reformation of youthful criminals. The effort made to reform wayward youths in New York alone has been at an expense of several millions of dollars. Thousands of boys and girls reformed in such institutions afterwards have become prominent members of society. So important is considered this work that there is a National Conference of Charities and Correction which holds meetings. For two years past Nevada has sent its report to this convention. From the condition of things, their report, is anything but complimentary to Nevada. Nevada is greatly in need of some kind of a reform school. Not only in a humane aspect should this question be viewed but also in a financial one. It is an open question whether or not it would be cheaper to place the youthful criminals all in one institution than for each county to take care of them. The various counties and towns pay thousands of dollars annually in the keeping of police regulations to take care of the bad boys and girls; the expense is in court trials, in keeping the youths in jails, orphans' home and State prison. More than this, if left to run wild, many of these youthful criminals thus neglected remain criminals, and through life must be supported at the public expense. The data is not hard to verify the opinion, but we believe that the whole State can more economically care for our hoodlums than can the fourteen counties individually. In the interest of humanity and the future of the State, in the interest of economy, the bill authorizing the construction and maintenance of a House of Refuge should become a law.

There is prevalent the impression that the State officers have passed on all railroads in this State. For this reason it is often urged that the salaries should be cut down. Now the truth is that the only persons who ever are favored with railroad passes are those who may favor the railroads. The legislators while the Legislature is in session have passes in their pockets, but not after adjournment; it might be considered business sagacity to offer the Governor or Lieutenant Governor a pass, but to offer other State officers passes is simply squandering corporation money. There are State officers who have never had half rates even on the local roads over which they pass nearly every week. The railroads should have all of the credit for being public spirited that they deserve and no more. We don't believe that passes should be issued to State or Legislative officers; it does not help legislation, and it is always a cause for scandal. In the interest of the railroads, the people and the general reputation of the State, either the discrimination in the issuance of railroad passes should be abolished, or no passes at all should be issued under penalty of the law.

Hale's bill for the establishment of an Industrial School and Farr's bill for the establishment of a House of Refuge, will be made a special order in the Assembly for 1:30 p. m. next Monday.

The valued policy insurance bill has passed the Assembly unanimously and is now in the hands of the Judiciary Committee of the Senate.

A bill has been introduced into the Assembly to provide for the purchase of three hundred copies of the map prepared by J. W. Parker. In all modern teaching home geography comes first; it is taught even in the lowest primary. No Nevada school-house is equipped with apparatus that does

not have on its walls a map of Nevada. Good judges of such work say that Parker's map is an excellent one; from its reputation and from a personal inspection we believe this to be true, and if it be true, every school-room in Nevada should be supplied with a copy.

FOREIGN DISPATCHES

War Preparations.
BRUSSELS, February 12.
It is announced that all forts in Belgium along the frontier of France have received a complete war armament. Preparations have been carried to the extent of mobilizing the troops. King Leopold will be Commander-in-Chief of the Belgian forces with General Brielmont as chief of staff. The Count of Flanders, brother of the King, will command the first army corps and General Vandersmissin the second.

A Cabinet Meeting.
LONDON, February 12.
The Cabinet held a session this afternoon to consider a proposed bill for the government of Ireland.

A Significant Act.
PARIS, February 12.
The Government is purchasing timber in Bohemia for the purpose of constructing barracks.

Congressional Proceedings.
WASHINGTON, February 12.
SENATE.—Cameron from the Committee on Naval Affairs, reported back with amendments, the bill introduced by him yesterday to increase the naval establishments, and gave notice that he will call it up again on Monday, immediately after the morning business. The amendments made by the Naval Committee have the effect of fixing a bonus to be paid the contractor for the first knot in excess of the contract rate, of 20 knots to be attained by the proposed new cruisers \$100,000 and for each additional knot, \$200,000. The aggregate of the appropriation of \$21,800,000 has not been changed. The House has agreed to an amendment to the Senate trade dollar bill, providing that the recoinage of trade dollars under this section shall not be considered as a part of the silver bullion required to be purchased and coined under the provisions of the Bland law. As amended, the bill was passed.

The Strike Ended.
NEW YORK, February 12.
Following the declaration of District Assembly 40, that the strike was off, there was a general rush of longshoremen and freight handlers along the whole river front this morning to get back to work. At some of the piers along East river, the strikers had not waited for orders from headquarters, but had gone back to work on the best terms they could make. As early as 6 o'clock, gangs of strikers were seen around the piers, waiting to catch the foremen and Superintendents as they came to their respective piers. At the main steamship company's pier all old hands had returned. At the Clyde, Mallory and Ward piers also, many old hands had found their way back, but in no instance were they recognized as Unionists. By Monday, it is expected, that the business of the companies will have resumed its normal shape.

Destroyed by High Water.
DETROIT, Mich., February 12.
The rising waters at Lyons has shut out all communication with the outside world by wire, and the *Evening Journal's* correspondent sends the following special from Muir, on the opposite side of the river, that the place is being vacated by a circuitous route. The flood continues, the water rising a foot an hour. A grand ledge of ice reached here this morning, forming a jam 30 feet deep above the bridge, causing the river to leave its bed and rush with mighty force through the business portion of Lyons, sweeping everything before it. Twenty buildings were carried away and as many more moved from their foundations. Several business fronts also were broken in by the ice and floating timbers. Portions of the bridge were lifted from the abutments and went down with the ice.

Killed His Room-Mate.
NAPA, Cal., February 12.
David Jones, a patient at the asylum, killed his room-mate, Christopher Thorn, with a part of a leg of his bedstead. After the deed he slept till morning when the attendants found the body with the head battered. Jones said the spirits commanded him to do the deed.

A Cold Country.
CHICAGO, February 12.
The mercury dropped to zero last night and it is very cold throughout the north-west. The telegraph wires both east and west are down, owing to a heavy coating of frozen sleet, and telegraphic communication in all directions is seriously delayed.

The Mormon Bill.
WASHINGTON, February 11.
After a long session the conferees on the Anti-Polygamy bill have reached a complete agreement on the points of difference between the two Houses. Another meeting will be held to perfect the phraseology of the bill, when it is expected to be reported to the Senate on Monday.

The exact provisions of the measure cannot as yet be obtained. It includes, however, what are regarded by the conferees as the best features of the House and Senate bills. The section of the Senate bill which provides for the appointment of a Board of Trustees to administer on the property of the Mormon Church is omitted. The bill repeals the charter of the Mormon Church, instructs the Attorney General to institute proceedings to recover all property of that corporation not acquired in accordance with the laws of the United States. Churches and grounds, church-yards and property used for the purpose of worship are not interfered with. The bill also revokes the charter of the Mormon Immigration Society, devotes the property of both corporations to public school purposes, leaves the election law substantially as at present, except that it vests in the President the power to appoint Probate Judges, subject to the confirmation of the Senate.

The provision of the House bill authorizing the administration of an oath to the legal wife to sustain the charge of polygamy is included. The provision of the House bill eliminating polygamists from the registration lists is also included, as agreed upon in the conference.

A Destructive Wind-Storm.
CANTON, Ohio, February 12.
The most severe wind and rain storm that ever visited Canton, struck the city at about 8 o'clock yesterday morning and lasted a half hour before it passed off. No serious damage was done here, but at Louisville, eight miles east, the cyclone struck the town with terrific force and did considerable damage. Fences and trees were blown down like reeds, houses unroofed, shutters and gates blown from their hinges, window-glass broken and chimneys blown down. It is stated that the roof of the large Catholic Church was badly shattered and the roof of the convent school adjoining, was lifted off in an instant.

Relieved.
The deputy Surveyor General, M. D. Noteware, who under the law was Secretary of the Board of Regents of the University, yesterday turned over to the new Board consisting of the Governor, Secretary of State and Supt. of Public Instruction, all books, documents, coin, etc., in his charge and is thus relieved of his duty as Secretary. The new Board will name its own clerk, in accordance with the new law.

State Land Office.
Since February 1st to date, 36 applications have been filed in the State Land office covering 6,959.67 acres. The amount paid as first payment on this acreage was \$1,739.92. The amount paid as interest on land contracts was \$91.91 making \$1,831.83 as the total cash receipt of the office for this month.

Why She Laughed.
Mrs. Lew Clark of Alturas writes a Reno friend that her new girl baby laughed at her father when but two days old. R. P. M. Kelly says the little one laughed because its father had no more hair on his head than she did.

No other medicine is so reliable as Ayer's Cherry Pectoral for colds, coughs and all derangements of the respiratory organs tending towards consumption. In all ordinary cases it is a certain cure, and it affords sure relief for the asthmatic and consumptive, even in advanced stages of disease.

Jury Discharged.
Ordered that the trial jurors summoned to attend in the District Court on Monday, February 15, 1887, be and they are hereby discharged. By order of Hon. R. Bigelow, District Judge.

The Famous Drummer.

Major Hendershot, "the drummer boy of the Rappahannock," who is to appear at the Nevada Theater next Tuesday and Wednesday evenings under the auspices of O. M. Mitchell Post, G. A. R. and the Ladies Relief Corps, is mentioned as follows by a correspondent of the *Santa Barbara Independent*: He gave two entertainments at Portland in June, to the second of which I was fortunate enough to gain admittance. The first was chiefly designed for the Sunday-school children in the city and more than 2,000 of them filled the spacious City Hall, until even standing room was taken. It is estimated that 1,800 people were turned away, and their disappointment was so great the performance was repeated on the following night.

The boys and girls, and the "children of larger growth," as well, were delighted. I cannot describe his playing, but I wish you all may some time hear it. I never realized before how much could be done with a drum. At first he played "U. S. Grant's March," and then "Phil Sheridan's Favorite." He represented a locomotive drawing a train from Bar Harbor to Portland—there was the starting, the steady, swift passage, the slowing up, the letting off steam, and crossing of bridges, until you could almost see the advancing engine, as well as hear it.

Then he plunged into a desperate conflict—the dullest among us could not mistake the sounds. We recognized the long, heavy roll of the countless musketry, the crash of shot and shell from the batteries, the swift progress of the battle to its culminating point, and the gradual cessation of hostilities—even the sharpshooters were heard picking off the men from their retreats.

Their Business Booming.
Probably no one thing has caused such a general revival of trade at S. J. Hodgkinson & Co., drug store as their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, colds, asthma, bronchitis, croup, and all throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free large bottle \$1. Every bottle warranted.

Petition Denied.
The Board of County Commissioners yesterday refused to grant the petition of certain citizens for a new school district between Reno and Hufakkers, the main objection to which is understood to have been that it would have impaired the security of the school-house bonds of this district.

PEN PORTRAITS CONTINUED

Leading Characteristics of Some of Our Solons.

CARSON, February 11.

The most remarkable feature of any that has transpired here for the past week, is the great eagerness manifested on behalf of Legislators for copies of the GAZETTE containing pictures of the most popular members of the Senate and Assembly. They are shipped east on their arrival, and the local press cannot understand how it is that Reno is ahead.

It is just what your correspondent preached from every platform in the late contest, and in which he has been instrumental in causing them to think more deeply for Nevada than they have for themselves in the past. This is an evidence of returning reason and speaks volumes for Nevada's future, as all are agreed that R. no is the center around which will cluster upon the bright prospects in store for her.

HON. R. S. CLAPP.

Of Lincoln county is the most remarkable man in the whole body. He is in his 72d year, yet many a younger man might feel proud if he enjoyed 50 per cent. of his activity. He championed the bill for a railroad which was to give Lincoln county an advantage he wished the children of the present generation to enjoy in the future. His opponents were too strong for him; yet his opposition to the measure, as a substitute, was so feelingly exhibited that possibly no speech will be delivered this session in either house that conveyed more sincerity than the assertions embodied in the old man's language. He is gray-headed with blue-gray eyes and large ears. The combination indicates a generous disposition and a keen observing turn of mind. Although I know he is a surveyor and has unfortunately led a single life all these weary years, this is the only point in his career as an American that I cannot approve. I know also that on his return to Lincoln county he will be warmly welcomed by the entire population without regard to politics.

HON. M. D. FOLEY.

Of Eureka, although some people might not think so, judging from his name, is a native of New Brunswick. But these Irish ancestors of ours seem to carry out Captain Cook's idea, that no matter when you go in circumnavigating the world, you will either find an Irishman or the son of one ahead of you. In this there is more than an ordinary quantity of philosophy and it can be digested at leisure. Mr. Foley is now in his 37th year and is a tall, healthy and well-proportioned gentleman. He is the personification of good health. His eyes are inclined (changeable) to be brown, yet the grey and blue often appear in them. He has dark hair and fairly developed ears. His nose is Grecian and indicates, combined with the other characteristics spoken of above, a disposition of a complex nature. He is generous and penurious, yet friends swear by him while his enemies never harbor any ill feeling towards him after they have discharged their business relations with him. He has risen from the humble walks of life and from milking to banking, (he being at present President of the Eureka bank) still retains the confidence of the whole people of Nevada. No man questions the spirit of his enterprise and no man dare say aught against his honesty and integrity of character. In my judgment, though not of the same political faith, I sincerely declare that Nevada's future, if trusted to such hands, would be bright and prosperous.

HON. R. S. OSBURN

Of Washoe county is just leaving the shaggy edges of 35 years behind him. He gives no evidence of having lived so long, as he preserves a very youthful appearance. He is married, and hence attentive to legislative duties. This possibly is as much due to the presence of his good wife, as the possession on his part of good horse sense. He lays no claim to oratory, but there are no occasions arise wherein the interests of his constituents are at stake, but he is on his feet, and in an intelligent and successful manner defends them. He has grey-blue eyes, small ears, dark hair, heavy eye-brows, moustache and chin whiskers. This is a strange combination, and in your correspondent's judgment would imply a careful, easy, successful, honest going sort of a man. His parliamentary experience is limited to the lodge room, but his natural powers of observation and his industry enable him to hold his own among the members of the body of which he is one of the most industrious and conscientious members.

A CHILD'S SKIN,

Ears and Scalp Covered with

Eczematous Scabs and Sores

Cured by Cuticura.

MY LITTLE SON, AGED EIGHT

years, has been afflicted with Eczema of the scalp, and at times a great

portion of the body, ever since he was

two years old. It began in his ears, and

extended to his scalp, which became covered

with scabs and sores, and from

which a sticky fluid poured out, causing

intense itching and distress, and leaving

his hair matted and lifeless. Underneath

these scabs the skin was raw, like a piece

of beefsteak. Gradually the hair came out

and was destroyed, until but a small

patch was left at the back of the head.

My friends in Peabody knew how my

little boy had suffered. At night he would

scratch his head until his pillow was

covered with blood. I used to tie his

hands behind him, and in many ways

tried to prevent his scratching; but it

was no use, he would scratch. I took him

to the hospital and to the best physicians

in Peabody without success. About this

time some friends, who had been cured

by the CUTICURA REMEDIES prevailed

upon me to try them. I began to use

them on the 15th of January last. In seven

months every particle of the disease was

removed. Not a spot or scab remains on

his scalp to tell the story of his suffering.

His hair has returned and is thick and

strong, and his scalp as sweet and clean

as any child's in the world. I cannot say

enough to express my gratitude for this

wonderful cure by the CUTICURA REMEDIES,

and wish all similarly afflicted to know

that my statement is true and

without exaggeration. CHAS. MCKAY,

Oct. 6, 1886.

I have seen Mr. McKay's boy when

badly afflicted with the eczema. He was

a pitiful sight to look at. I know that he

has tried our best physicians, and did all

a father could do to relieve a suffering child,

but availed nothing. I know that the

statements he has made you at regard to

the curing of his boy by your CUTICURA

REMEDIES, are true in every particular.

A Safeguard.

The fatal rapidity with which slight Colds and Coughs frequently develop into the gravest maladies of the throat and lungs, is a consideration which should impel every prudent person to keep at hand, as a household remedy, a bottle of AYER'S CHERRY PECTORAL.

Nothing else gives such immediate relief and works so sure a cure in all affections of this class. That eminent physician, Prof. F. Sweetzer, of the Maine Medical School, Brunswick, Me., says:—

"Medical science has produced no other remedy so good as AYER'S CHERRY PECTORAL. It is invaluable for diseases of the throat and lungs."

The same opinion is expressed by the well-known Dr. L. J. Addison, of Chicago, Ill., who says:—

"I have never found, in thirty-five years of continuous study and practice of medicine, any preparation so great as AYER'S CHERRY PECTORAL, for treatment of diseases of the throat and lungs. It not only breaks up colds and cures severe coughs, but is more effective than anything else in relieving even the most serious bronchial and pulmonary affections."

AYER'S Cherry Pectoral

Is not a new claimant for popular confidence, but a medicine which is to-day saving the lives of the third generation who have come into being since it was first offered to the public.

There is not a household in which this invaluable remedy has once been introduced where its use has ever been abandoned, and there is not a person who has ever given it a proper trial for any throat or lung disease susceptible of cure, who has not been made well by it.

AYER'S CHERRY PECTORAL has, in numerous instances, cured obstinate cases of chronic Bronchitis, Laryngitis, and even acute Pneumonia, and has saved many patients in the earlier stages of Pulmonary Consumption. It is a medicine that only requires to be taken in small doses, is pleasant to the taste, and is needed in every house where there are children, as there is nothing so good as AYER'S CHERRY PECTORAL for treatment of Croup and Whooping Cough.

These are all plain facts, which can be verified by anybody, and should be remembered by everybody.

The Tahoe Ice Co. are busy putting up ice. They now have about 12,000 tons in the house and expect to finish the harvest this week.

W. E. Mitchell, carpenter at the Truckee Lumber Co's Factory, met with quite a painful accident yesterday afternoon having the ends of his fingers cut quite badly in the jointer.

The Truckee Lumber Co's box factory has been shut down this week on account of the storm, and all hands are taking a vacation, something which they have not enjoyed for a long time.

The Beginning of the End.

The beginning of disease is a slight debility or disorder of some of the vital organs, the stomach, the liver or the bowels usually. There are dyspeptic symptoms, the liver is troublesome, the skin is raw, watery and unhealthy looking, there are pains in the right side or through the right shoulder blade. The climax is often an utter prostration of the physical system, perhaps a fatal issue. But if the difficulty is met in time with Hostetter's Stomach Bitters, which is always effective as a remedy, and it should be resorted to at an early stage, there will be no reason to apprehend those injurious subsequent effects upon the system often entailed by neglected diseases. Far better it is, also, to employ this safe remedial agent in fever and ague, and other malarial complaints, than quinine and other potent drugs, which even when they do prove effective for a time, ruin the stomach and impair the general health.

Free Trade.

The reduction of internal revenue and the taking off of revenue stamps from Proprietary Medicines, no doubt has largely benefited the consumers, as well as relieving the burden of home manufacturers. Especially is this the case with "Green's August Flower" and "Boschee's German Syrup," as the reduction of 50 cents per dozen, has been added to increase the size of the bottles containing these remedies, thereby giving one-fifth more medicine in the 75 cent size. The August Flower for dyspepsia and liver complaint, and the "German Syrup" for cough and lung troubles, have perhaps, the largest sale of any medicines in the world. The advantage of increased size of the bottles will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries. Sample bottles for 10 cents remain the same size.

Fear Being Scattered.

A Montana exchange says: The Mormon press is howling dismally about the unconstitutionality of the Edmunds-Tucker bill, claiming that Congress is trying to destroy their religion and scatter the Saints. It would be a blessing to Utah and the whole country if the Brighamites were scattered so thoroughly they never would get together again.

Not a California Bear.

Anybody can catch a cold this kind of weather, the trouble is to let go, like the man who caught the bear. We advise our readers to purchase of Osburn & Shoemaker a bottle of SANTA ADIE, the California King of Consumption, Asthma, Bronchitis, Coughs and Croup Cures, and keep it handy. "It's pleasing to the taste and death to the above complaints. Sold at 10¢ a bottle or 3 for \$2.50. CALIFORNIA CURE CURE gives immediate relief. The catarrhal virus is soon displaced by its healing and penetrating nature. Give it a trial. Six months treatment \$1; sent by mail, \$1.10.

Entered Their Protest.

Quite a bitter feeling is said to exist between the publishers of the daily papers and the members of the Typographical Union at Los Angeles over the action of the latter in raising the price for composition. The former have entered their protest against the action of the union, which was taken without consulting the publishers.

If a well be poisoned, woe be to those who drink thereat. It is worse to poison the fountain of life for one's self, and for posterity. Often, by carelessness, or misfortune, or inheritance, this has been done. Ayer's Sarsaparilla frees the blood, the vital stream, and restores appetite, strength and health.

Badly Injured.

The Battle Mountain Central Nevada says: Dan Pickett fell from a load of hay last Monday and broke his collar-bone in three places. The fractures were adjusted by Dr. Hood, and the unfortunate man is now doing as well as could be expected under the circumstances.

FEVER DYSPEPSIA and liver complaint, you have a printed guarantee on every bottle of Sello's Nigralizer. It never fails to cure. Sold by Osburn & Shoemaker.

SHILOH'S CATARRH REMEDY—a positive cure for Catarrh, Discharge and Painful Urine. Sold by Osburn & Shoemaker.

MISCELLANEOUS.

DR. FLINT'S HEART REMEDY

Heart disease is developed by modern civilization, and is increasing to an alarming extent. Let him who suspects the existence of this cause of sudden death take this remedy at once—it will cure you. \$1.50. Descriptive treatise with each bottle or mailed free.

HAMBURG FIGS.

It is often very difficult to tell what kind of a laxative to give a very young child who is suffering from constipation. The only medicine which is at the same time perfectly safe and pleasant to take is Hamburg Figs. 25 cents.

These Remedies are for sale by all Druggists.

Summons.

IN THE DISTRICT COURT OF THE Seventh Judicial District of the State of Nevada, in and for the county of Washoe.

The State of Nevada sends to Robert Heene greeting: You are required to appear in an action commenced against you as defendant, by the Central Pacific Railroad Company, as plaintiff, in the District Court of the Seventh Judicial District, in and for the county of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this summons—exclusive of the day of service—if served in said county, or twenty days if served out of said county, but within said period, and in all other cases forty days, or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to recover judgment against you, Robert Heene, defendant, for the sum of four hundred and fifty and 00/100 (\$450.00) dollars for fourth, fifth, sixth and seventh years interest on the remainder of purchase money, and for the remainder of purchase money arising out of a certain contract with said company, plaintiff, for the E. & M. of the S. E. 1/4 of sec. 15, T. 19, N. R. 19 E., M. D. B. and M. Washoe county, Nevada, containing 160 acres of land, said contract entered into Sept. 13, 1880; that you be required to pay said sum within 30 days from rendition of judgment, and in case of failure to pay within said 30 days, that the said contract be declared null and void, and that you, defendant, and all persons holding under said contract be forever barred and foreclosed on the right to conveyance and foreclose on the land, and that the plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I, T. V. JULIEN, have hereunto set my hand and affixed the seal of said Court, this 9th day of November, A. D. 1887.

T. V. JULIEN,
Clerk of the District Court of the Seventh Judicial District, Nevada, in and for Washoe County.

JOSEPH REDDING, Attorney for plaintiff.

An Opportunity to Secure a Home at Reno!

200 LOTS FOR SALE

The manager of the Lake estate, in order to enhance the value of the property of the estate, as well as assist in

Building Up the Town of Reno

Has determined to offer two hundred fine building lots for sale, some of which are situated in the central part of town, and are very desirable for business purposes. The proposed site for homes is immediately south of the Truckee river, and its elevation affords a magnificent view of the mountains in the distance, and the valley and town near at hand. A more perfect place for an elegant home could not be selected. The soil is good and an abundant supply of water will be sold with each lot. The health of the locality cannot be questioned, as its elevation assures a perfect system of sewerage. Gas mains will be laid through the streets free of cost, for the benefit of those desiring to use them. It is also intended by the owners to lay out a park on the south side of the Truckee river, covering 20 acres, in which the public may enjoy the pleasure of driving, fishing and boating.

The educational advantages of Reno are well known, and the business prospects of the town are assured beyond a doubt. Purchasers of these lots may feel confident that the best of terms will be offered, and they will be fairly dealt with. For further particulars, address
